"Not only is Maisha one of the smartest people I know, she's also one of the best presenters I know. The energy, enthusiasm, and knowledge she brings to her audience is unmatched. She presents solutions, not just more of the same theoretical answers some presenters leave us with. Her positive attitude and willingness to share help set Maisha apart."

Cricket Robertson, Superior Construction

"Maisha is an amazing wealth of knowledge, and a person who brightens up the room when she walks in. A woman who tells it like it is and strives to help you grow and succeed! I definitely recommend attending her class if you ever have the chance, it's beyond fun and very insightful."
